NOTE FOR RECORD: Basic states: The attached article of mine from the UNITED NATIONS WORLD might be of interest to you. It reveals the secret Nazi-Soviet peace feelers. Recently, I discovered in the German press interesting items on Russian re-armament concerning especially the Soviet Navy in the Artics and Baltics and also on U-boats and Navy aircraft. The items were written by a certain Nikolaus Eck. I am sure you have a lot of material on this topic but I did not want to miss the opportunity to call your attention to this matter. /s/ RMWK Article entitled: Stalin's "Separate Peace" in 1943.
